Summary of Information:

The Government Finance Officers' Association recently notified the Accounting Department that the County's Comprehensive Annual Financial Report (CAFR) for the fiscal year ended June 30, 2005 received a Certificate of Achievement for Excellence in Financial Reporting. The Certificate recognizes that the County's CAFR not only satisfies both generally accepted accounting principles and legal requirements, but also is a high-quality, easily readable and understandable document designed to meet the information needs of citizens, investors, and other financial report users. This is the silver anniversary, or 25th consecutive year, of the Accounting Department achieving this highest form of recognition in governmental accounting and financial reporting for the county.

RECOGNIZING CHESTERFIELD COUNTY POLICE OFFICER CHRISTOPHER A. WATSON
FOR HIS DEDICATED SERVICE AS A POLICE OFFICER AND AN ARMY RESERVIST

WHEREAS, Mr. Christopher A. Watson is a Chesterfield County Police officer; and

WHEREAS, Officer Watson began his service with Chesterfield County in September 2001; and

WHEREAS, Officer Watson is also a Staff Sergeant in the U. S. Army Reserves; and

WHEREAS, Officer Watson had started training in one Chesterfield County Police recruit class when he was called up for reserve duty with the U. S. Army; and

WHEREAS, after completing his first tour of duty in Iraq, Officer Watson returned to Chesterfield County and completed his police recruit training with another police recruit training class; and

WHEREAS, Officer Watson then was called back for service in Iraq a second time; and

WHEREAS, Staff Sergeant Christopher A. Watson serves with the 319th Regiment, 80th Division; and

WHEREAS, while serving with this unit in Iraq in February 2006, Staff Sergeant Watson was seriously wounded when a roadside bomb detonated, striking the Humvee in which he was riding; and

WHEREAS, after being treated in Iraq and Germany, Staff Sergeant Watson was eventually transferred to Walter Reed Army Hospital in Washington, D.C., and then to Fort Knox, Kentucky for further medical treatment; and

WHEREAS, Staff Sergeant Watson sustained injuries to his eye, arm and leg; and

WHEREAS, Staff Sergeant Watson will require additional surgery to treat his injuries; and

WHEREAS, Officer Watson has expressed his intention to return to service as a Chesterfield County Police officer; and

WHEREAS, Officer Watson's fellow police officers, family, friends and many other supporters thank him for his military service, and extend best wishes for continued healing; and

WHEREAS, on behalf of the citizens of Chesterfield County, Virginia, this Board of Supervisors wishes Officer Christopher Watson a speedy recovery and fulfillment of his desire to return to active service as a Chesterfield County Police officer.

NOW, THEREFORE, BE IT RESOLVED that the Chesterfield County Board of Supervisors, this 24th day of May 2006, publicly recognizes Chesterfield County Police officer Christopher A. Watson for his dedicated service both as a police officer and Army reservist, and expresses its appreciation for his bravery, determination and commitment to public service.

AND, BE IT FURTHER RESOLVED that a copy of this resolution be presented to Officer Watson, and that this resolution be permanently recorded among the papers of this Board of Supervisors of Chesterfield County, Virginia.

RECOGNIZING RESERVISTS FOR THEIR CONTRIBUTIONS
TO THE WAR AGAINST GLOBAL TERRORISM

WHEREAS, on September 11, 2001, the United States was stunned when terrorists hijacked airplanes and attacked the World Trade Center and the Pentagon, killing and injuring thousands of people; and

WHEREAS, as a result of these attacks, the United States military entered into a war against global terrorism; and

WHEREAS, this military response has included "Operation Noble Eagle," involving homeland defense and civil support missions; "Operation Enduring Freedom," formerly known as "Operation Infinite Justice," to destroy the terrorist training camps and infrastructure within Afghanistan, the capture of al Qaeda leaders, and the cessation of terrorist activities in Afghanistan; "Operation Vigilant Resolve," to isolate and root out the terrorist forces responsible for repeated attacks on coalition forces in Fallujah, Iraq; and "Operation Iraqi Freedom," to free the people of Iraq from years of tyranny under the Iraqi dictator Saddam Hussein, who also sponsored terrorism; and

WHEREAS, each of these operations was conducted to make the United States, and the world, a safer place; and

WHEREAS, among the hundreds of thousands of military personnel mobilized for this war effort were scores of Chesterfield County residents and employees who serve in the reserve components of the various military services; and

WHEREAS, Major Jeffry Williams, Sergeant Justin Bennett, Gunnery Sergeant Ryland T. Allen and Corporal Scott Kennedy, United States Marine Corps; Lieutenant Colonel Thomas Christopher-William Parker and First Lieutenant Demetrius D. Parrott, United States Army; Sergeant Lavonte Davis and Sergeant Eric Jones, Army National Guard; Naval Intelligence Specialist Petty Officer First Class Michael D. Oakes, United States Navy; and Lieutenant Colonel Neal Flatt, and Major Edwin Vasquez, Army Reserve; are some of the courageous Americans who answered the call to duty unflinchingly and honorably; and

WHEREAS, this Board of Supervisors supports the President and our troops, and commends the reserve military personnel who served in these military operations for their courageous service and sacrifice; and

WHEREAS, the families of these military men and women also bear a great sacrifice and uncertainty in the absence of their loved ones serving in far-off lands; and

WHEREAS, it is appropriate to recognize the courage and sacrifice of our reservists and their families during this difficult time.

NOW, THEREFORE, BE IT RESOLVED that the Chesterfield County Board of Supervisors, this 24th day of May 2006, publicly recognizes the sacrifice and courage of these dedicated military reservists, and expresses its gratitude to them for making the world a safer place for freedom-loving people everywhere.

RECOGNIZING MR. W. PRESTON COOPER FOR
HIS CONTRIBUTIONS TO CHESTERFIELD COUNTY

WHEREAS, since arriving in Chesterfield County in 1995, Mr. W. Preston Cooper, a Woodlake resident, has worked with Hands Across the Lake, a non-profit community group dedicated to protecting Chesterfield County water resources now and for future generations, and since 2000, has served as co-chairman of the organization; and

WHEREAS, since having moved here from another state, Mr. Cooper's public service to his adopted county has exemplified an honorable tradition of good citizenship wherever one lives, and he soon became involved with his neighborhood, his church, his local community, and Chesterfield County; and

WHEREAS, Mr. Cooper brought his talents and experience from business and industry to the task of co-chairmanship of Hands Across the Lake and has served as technical adviser in its endeavors toward natural resource conservation; and

WHEREAS, Mr. Cooper skillfully stabilized and expanded the Web site of Hands Across the Lake in order to improve its communications, and also used his skills as a photographer to document environmental features to assist citizens in understanding issues of water protection; and

WHEREAS, Mr. Cooper prepared and formatted many printed publications about water quality, including the newsletter "WATER MATTERS" for Hands Across the Lake; and

WHEREAS, Mr. Cooper used his leadership role in a sailing club to educate its members about the vital significance of the Swift Creek Reservoir as a drinking water resource as well as an amenity; and

WHEREAS, Mr. Cooper attended numerous county and state conferences in order to expand his knowledge about many facets of water resource protection in order to cooperate with the county more productively; and

WHEREAS, Mr. Cooper assisted and supported two community organizations in their efforts to change policies of open space management in order to meet the standards of the Chesapeake Bay Act more closely, and led in clean-up efforts of the difficult sections of the Genito Road Causeway; and

WHEREAS, Mr. Cooper has offered thoughtful and balanced leadership to the HAL Board and supporting members of Hands Across the Lake and has inspired many to actively work for the preservation of the Swift Creek Reservoir as a public drinking water resource; and

WHEREAS, Mr. Cooper and his wife, Mary, will be leaving Chesterfield County in order to move closer to their family, including twin granddaughters.

NOW, THEREFORE, BE IT RESOLVED that the Chesterfield County Board of Supervisors, this 24th day of May 2006, publicly recognizes Mr. W. Preston Cooper for his steady and significant contributions to the betterment of his community and the protection of Swift Creek Reservoir and other waters of the county.

AND, BE IT FURTHER RESOLVED that a copy of this resolution be presented to Mr. Cooper, and that this resolution be recorded among the papers of this Board of Supervisors of Chesterfield County, Virginia.

Subject: Streetlight Installation Cost Approvals

County Administrator's Comments:

County Administrator: _____

A handwritten signature in cursive, appearing to be "JGR", written over a horizontal line.

Board Action Requested:

This item requests Board approval of new streetlight installations in the Bermuda, Dale, and Matoaca Districts.

Summary of Information:

Streetlight requests from individual citizens or civic groups are received in the Department of Environmental Engineering. Staff requests cost quotations from Dominion Virginia Power for each request received. When the quotations are received, staff re-examines each request and presents them at the next available regular meeting of the Board of Supervisors for consideration. Staff provides the Board with an evaluation of each request based on the following criteria:

1. Streetlights should be located at intersections;
2. There should be a minimum average of 600 vehicles per day (VPD) passing the requested location if it is an intersection, or 400 VPD if the requested location is not an intersection;

3. Petitions are required and should include 75% of residents within 200 feet of the requested location and if at an intersection, a majority of those residents immediately adjacent to the intersection.

Cost quotations from Dominion Virginia Power are valid for a period of 60 days. The Board, upon presentation of the cost quotation may approve, defer, or deny the expenditure of funds from available District Improvement Funds for the streetlight installation. If the expenditure is approved, staff authorizes Dominion Virginia Power to install the streetlight. A denial of a project will result in its cancellation and the District Improvement Fund will be charged the design cost shown; staff will notify the requestor of the denial. Projects cannot be deferred for more than 30 days due to quotation expiration. Quotation expiration has the same effect as a denial.

County Administrator: _____

[Signature]

Board Action Requested:

The Board of Supervisors is requested to approve a permit to stage a fireworks display at the Chesterfield County Fairgrounds on July 4, 2006.

Summary of Information:

The Chesterfield County Parks and Recreation Department has requested permission from the Board of Supervisors to stage a fireworks display at the Chesterfield County Fairgrounds on July 4, 2006, with no rain date. The Parks and Recreation Department has conducted similar displays on the same property in previous years without incident. The fireworks supplier, Dominion Fireworks, Inc., has obtained a liability insurance policy naming the County of Chesterfield as an additional insured party in the amount of \$2,000,000. The Fire Marshal has reviewed this fireworks request and indicates that it meets the criteria under the Fire Prevention Code.

Request for Music/Entertainment Festival Permit from the Chesterfield County Fair Association

County Administrator's Comments:

Recommend Approval

County Administrator: _____ *SLK*

Board Action Requested:

Staff recommends that the Board grant a music/entertainment festival permit to the Chesterfield County Fair Association for the annual Chesterfield County Fair subject to compliance with staff recommendations.

Summary of Information:

The 93rd annual Chesterfield County Fair ("Fair") will be held at the fairgrounds complex from August 25th through September 2, 2006. Because the Fair includes musical events, exhibitions and rides, the Fair Association must obtain a music/entertainment festival permit. The Fair Association has subcontracted the responsibility for amusements and midway rides to Jolly Shows, a Maryland company with over 40 years of experience in providing amusements and rides throughout the Mid-Atlantic region.

AGENDA**

Page 2 of 2

The Fair Association has agreed that the following health and safety requirements will remain in effect during the Fair's operation:

1. Two representatives of the Fair Association, with full authority to act on the Fair Association's behalf, must be present during all open hours of the Fair. One person from the Fair Association must be present during all set up and take down hours.
2. A performance bond for site clean up and restoration in the minimum amount of \$1,000, naming the County as obligee, must be provided by either the Fair Association or its sub-contractor, Jolly Shows.
3. Public telephones must be functioning during all hours that the Fair is open and while the Fair is being set up and taken down.
4. Fair personnel must be assigned for regular and routine cleanup of public restrooms, pursuant to a written cleaning schedule which must be established and followed. Signed records must be maintained which establish that cleanups have been performed.
5. Fair Association personnel and their subcontractors must promptly comply with all County requests for action necessary to protect the County from liability for violations by the Fair Association or its agents and employees of any rights guaranteed by Constitutional, federal or state laws.
6. Fair Association personnel must properly dispose of cooking grease in accordance with the recommendations and regulations of the Health Department during and after the conclusion of the Fair.

The plans for this year's Fair are consistent with plans approved by the Board in previous years. Prior to the commencement of the Fair, staff will meet with representatives from the Fair Association to confirm that the plans contain adequate measures for public safety, fire prevention, medical protection, sanitation, traffic control, insurance, bonds and building and ride safety. Staff recommends the Board grant the Fair Association a music/entertainment festival permit subject to adherence to all staff recommendations and the representations contained in the Fair Association's application. The \$100 entertainment permit application fee will be paid from the Board's annual budget appropriation to support the operation of the Fair.

Staff will monitor compliance with the conditions of the permit prior to opening day, and for the duration of the Fair.

CHESTERFIELD COUNTY FAIR ASSO., INC.
(FAIRGROUNDS AT COURTHOUSE & KRAUSE RD.)

APPLICATION FOR ENTERTAINMENT FESTIVAL PERMIT

A. The Chesterfield County Fair Association, Inc., 10300, Courthouse Rd., Chesterfield, Va. 23832 will hold the annual Chesterfield County Fair. The purpose being to promote agriculture, education, industry, business and the general betterment of Chesterfield County and its rural heritage.

B. The Chesterfield County Fair Association, Inc. is the promoter and financial sponsor of the Fair. Chesterfield County provides financial sponsorship.

See Exhibit A for a listing of the entertainment during the Fair.

C. The Fair will be held August 25, 2006 through September 2, 2006 at the Chesterfield County Fairgrounds. Hours of operation will be 4:00 p.m.--11:00 p.m. Monday through Friday, 11:00 a.m.--11:00 p.m. Saturday and 1:00 p.m.--11:00 p.m. on Sunday.

D. The Chesterfield County Fairgrounds is located at 10300 Courthouse Road. The property is owned by Chesterfield County.

E. The number of tickets to be offered for sale will be unlimited. Weather permitting, we would estimate an expected attendance of 50,000.

F. Sanitation facilities will consist of ladies' & men's restrooms in both permanent buildings; one crowd pleaser with running water and flush stools, divided into a ladies' & men's restroom; and, at various locations on the grounds, six (6) portable toilets. The rest rooms will have assigned personnel for routine clean-up. A written cleaning schedule will be established and signed as performed. The portable toilets will be emptied and cleaned daily.

Garbage and trash will be picked up daily.

Designated person(s) will pick up trash from the fairgrounds and parking areas each morning before the gates open.

The Fair will have persons (normally 6 people) who will clean the grounds after the closing of the Fair.

G. Various food vendors will be available with a variety of food. Public water is supplied to the fairground. There is a campground with water, sewer and electricity available for the vendors and concessionaires and the carnival employees.

000046

H. The Fair will provide a first aid station. Volunteer rescue squad units will be on the fairgrounds when available. 911 service will be available at all times. Police officers will be on premises at all times. All are trained in first aid. A courtesy cart will be available.

I. The Chesterfield County Fire Department will supervise fire safety. There will be fire extinguishers in all tents and food vendors. There are two (3) fire hydrants on the premises and one (1) across the street. Also, 911 service will be available.

Fire and rescue squad arrangements are all coordinated through the Volunteer Coordinator with the Chesterfield County Fire Department.

J. Parking facilities at Bird High School, Chesterfield Technical Center, and O. B. Gates Elementary School will be utilized. The Chesterfield County Police Department will handle traffic control.

K. All lighting and electrical work is handled by Tilghman Electric. The carnival is in charge of their own electrical work and lights. All outdoor lights are on permanent poles; it is basically the same lighting plan that has been in use since 1990.

L. As in previous years, every effort will be made to control the sound by the performers so as not to be a nuisance to adjacent property owners.

M. Risk Management (Melvin Hodges) obtains our liability insurance for the Fair. The county is reimbursed for the premium. Jolly Shows carries its own insurance.

N. We authorize the Board, the County, its lawful agents, employees, designees or law enforcement officers to enter the property at any time prior to or during the Fair to determine compliance with any state or local statute, ordinance or regulation.

Doug Salyers with Parks & Recreation will be setting up a meeting of all department heads involved with the Fair, and our General Manager. We also understand that Assistant County Attorney Stylian P. Parthemos, will be attending this meeting and can ascertain first hand who is coordinating each activity.

We further agree to the following per your request:

1. Two persons from the Fair Association, with appropriate designated authority, shall be present during all open hours of the Fair.
2. A performance bond for site clean up and restoration must be provided by either the Fair Association or your subcontractor. (\$1,000.00 minimum) This will be supplied by Jolly Shows.
3. For public safety and convenience, the public telephones must be functioning during the Fair, including the Fair, including the Fair set-up and take-down period.
4. Number 4 is addressed in item F.
5. Fair Association personnel and their subcontractors will promptly comply with all County requests for actions necessary to protect the County from liability for violations of any rights guaranteed by Constitutional, federal or state provisions by the Fair Association or its agents and employees.
6. Fair Association personnel will see that there is proper disposal of cooking grease, and to include engine oil, in accordance with the recommendations and regulations of the Department of Health, during and after the conclusion of the Fair.

Board Action Requested:

The Board of Supervisors is requested to approve renaming Parrish Branch Road to Clear Ridge Terrace.

Summary of Information:

Parrish Branch Road, located in Clay Pointe, Section A is approximately 300 feet long and it is a stub road to the adjacent parcel. There is a second stub road to the same parcel approximately 300 feet to the west. This second stub road has been approved through the tentative subdivision process to be the connecting road.

Parrish Branch Road will be extended as a cul-de-sac bulb only with two additional lots. The six citizens that would be affected have all signed a petition agreeing to a street name change. The street name has been approved by Richmond Regional and house numbering.

Staff Recommendations:

Staff recommends that the Board of Supervisors approve renaming a portion of Parrish Branch Road in Clay Pointe Section A to Clear Ridge Terrace.

Board Action Requested:

Staff recommends that the Board of Supervisors adopt the attached resolution.

Summary of Information:

On April 20th, 2006, the Chesterfield Economic Development Authority held a public hearing and approved issuance of Revenue Bonds not to exceed \$4,750,000. This issuance is to assist St. Michael's Episcopal School, or an affiliate, to finance the construction and equipping of a new middle school building of approximately 22,000 square feet and the infrastructure associated therewith, including stabilization of an existing dam; construction of roads, parking areas and a comfort building; installation of utilities and preparation of a new athletics' field, all located at 10510 Hobby Hill Road in Richmond.

St. Michael's Episcopal School is accredited by the Virginia Association of Independent Schools (VAIS), and is a member of the National Association of Independent Schools (NAIS). Located on 13.75 acres in Chesterfield County's historic Bon Air community, St. Michael's draws students from Chesterfield, Goochland, Powhatan, Henrico and Hanover counties, as well as from the City of Richmond. St. Michael's serves an average of 250 kindergarten through fifth grade students in the Lower School, and 120 sixth through eighth grade students in the Middle School.

St. Michaels made this request of Chesterfield because at this time the City of Richmond's Industrial Development Authority is not operational due to vacancies in membership. The Chesterfield EDA has the authority to finance facilities located in other jurisdictions and has done so in the past with the concurrence of this Board of Supervisors.

Name of Authority

**INDUCEMENT RESOLUTION OF THE
ECONOMIC DEVELOPMENT AUTHORITY
OF THE COUNTY OF CHESTERFIELD
FOR ST. MICHAEL'S EPISCOPAL SCHOOL**

WHEREAS, the Economic Development Authority of the County of Chesterfield (the "Authority"), has considered the application of St. Michael's Episcopal School or an affiliate of St. Michael's Episcopal School (the "Applicant"), for the issuance of the Authority's revenue bonds (the "Bonds") pursuant to Title 15.2, Chapter 49 of the Code of Virginia of 1950, as amended (the "Act"), in one or more series, in a total amount now estimated not to exceed \$4,750,000, the proceeds of which are to be used, together with other available funds of the Applicant, to finance (a) the construction and equipping of a new middle school building of approximately 22,000 square feet and the infrastructure associated therewith, including stabilization of an existing dam; construction of roads, parking areas and a comfort building; installation of utilities and preparation of a new athletics' field, all located at 10510 Hobby Hill Road in the City of Richmond, Virginia, and (b) capitalized interest and costs of issuance of the Bonds (collectively, the "Project"); and

WHEREAS, the Applicant, in an appearance before the Authority by the Applicant's representatives and in certain information filed with the Authority, has described the benefits of undertaking the Project; and

WHEREAS, a public hearing has been held as required by Section 147(f) of the Code, and Section 15.2-4906 of the Act.

**NOW, THEREFORE, BE IT RESOLVED BY THE ECONOMIC
DEVELOPMENT AUTHORITY OF THE COUNTY OF CHESTERFIELD:**

5. It is hereby found and determined that financing the Project will be in the public interest of Chesterfield County, Virginia (the "County"), and its environs and is consistent with the purposes of the Act, and will protect and promote the health and welfare of the inhabitants of the Commonwealth of Virginia and the County.

6. To induce the Applicant to undertake the Project, the Authority hereby agrees to assist the Applicant in financing the Project by the issuance of its revenue bonds in an amount not to exceed \$4,750,000 upon terms and conditions mutually agreeable to the Authority and the Applicant and subject to the requirements of the Act and the Code.

7. The Bonds may be issued in one or more series at one time or from time to time, upon terms to be mutually agreed upon between the Authority and the Applicant.

8. As required by the Act, the Bonds shall provide that neither the County nor the Authority shall be obligated to pay the Bonds or the interest thereon or other costs incident thereto, and neither the faith and credit nor the taxing power of the Commonwealth of Virginia, the County or the Authority shall be pledged thereto.

9. It having been represented to the Authority that it may be necessary to proceed immediately with the acquisition, construction and equipping of all or part of the Project, the

Authority hereby agrees that the Applicant may proceed with its plans, enter into contracts for such acquisition, construction, equipping and development and take such other steps as it may deem appropriate in connection therewith, provided that nothing herein shall be deemed to authorize the Applicant to obligate the Authority without its consent in each instance to the payment of any moneys or the performance of any acts in connection with the Project. The Authority agrees that the Applicant, to the extent permitted by law, may be reimbursed from the proceeds of the Bonds for all costs so incurred by it.

10. All lawful costs and expenses in connection with the issuance of the Bonds, including the fees and expenses of the Authority and its counsel, shall be paid from the proceeds of the Bonds, to the extent allowed by law, or funds provided by the Applicant. If for any reason the Bonds are not issued or if the proceeds thereof cannot be used to pay all such expenses, it is understood that all such costs and expenses shall be paid by the Applicant and that the Authority shall not have responsibility therefor.

11. At the request of the Applicant, the Authority hereby appoints Hunton & Williams LLP, Richmond, Virginia, as bond counsel to supervise the proceedings and approve the issuance of the Bonds.

12. In adopting this resolution, the Authority intends to declare its “official intent” for the Applicant to reimburse itself for expenditures with respect to the Project from the proceeds of the Bonds within the meaning of regulations issued by the Internal Revenue Service pursuant to Section 103 of the Code.

13. The Authority hereby recommends and requests that the Board of Supervisors of Chesterfield County, Virginia (the “Board”) and the City Council of the City of Richmond, Virginia (the “City Council”) approve the issuance of the Bonds within sixty days of the date of the adoption of this resolution. The Authority hereby directs the Secretary of the Authority to submit to the Board and the City Council this resolution, the Applicant’s Fiscal Impact Statement, and a summary of the public hearing held by the Authority prior to the adoption of this resolution.

14. This resolution shall take effect immediately upon its adoption.

REPORT OF INDEPENDENT AUDITORS

To the Board of Trustees
St. Michael's Episcopal School
Richmond, Virginia

We have audited the accompanying statements of financial position of **St. Michael's Episcopal School** (a nonprofit organization) as of June 30, 2005 and 2004, and the related statements of activities, functional expenses, and cash flows for the years then ended. These financial statements are the responsibility of the School's Board of Trustees. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of **St. Michael's Episcopal School** as of June 30, 2005 and 2004, and the changes in its net assets and its cash flows for the years then ended in conformity with generally accepted accounting principles in the United States of America.

ST. MICHAEL'S EPISCOPAL SCHOOL
NOTES TO THE FINANCIAL STATEMENTS

JUNE 30, 2005 AND 2004

NOTE 1 - ORGANIZATION

St. Michael's Episcopal School (the "School") is a not-for-profit entity which operates under the auspices of St. Michael's Episcopal Church. The School, established in 1957, enrolls over 350 students in grades primary through eighth. These financial statements include the net assets of the related entities, the St. Michael's Episcopal School Foundation and SMSC, Inc.

The Board of Trustees of the School established the St. Michael's Episcopal School Foundation (the "Foundation") during the year ended June 30, 1997. The purpose of the Foundation is to raise, manage, invest and disburse funds and make loans for the sole benefit of St. Michael's Episcopal School. The effective date of incorporation of the Foundation is June 17, 1997.

The Board of Trustees of the School established the SMSC, Inc. (the "Corporation") during the year ended June 30, 2004. The purpose of the Corporation is to conduct and support activities that carry out the charitable, religious, and educational purposes of St. Michael's School. The effective date of incorporation of the Corporation is June 2, 2004.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the School have been prepared on the accrual basis in accordance with generally accepted accounting principles; revenue and support and investment gains are recognized when earned, and expenses and investment losses are recognized when incurred. The significant accounting policies followed are described below to enhance the usefulness of the financial statements to the reader.

Basis of Presentation

Financial statement presentation follows the recommendations of the Financial Accounting Standards Board in its Statement of Financial Accounting Standards (SFAS) No.117, *Financial Statements of Not-for-Profit Organizations*. Under SFAS No.117, the School is required to report information regarding its financial position and activities according to three classes of net assets; unrestricted net assets, temporarily restricted net assets and permanently restricted net assets. The financial statements report amounts separately by class of net assets as follows:

Unrestricted amounts are those currently available at the discretion of the School's Board of Trustees for use in the School's operations and those resources invested in equipment.

Temporarily restricted amounts are those which are stipulated by donors for specific operating purposes or for the acquisition of equipment. When a donor restriction expires, temporarily restricted net assets are reclassified to unrestricted net assets and reported in the statement of activities as net assets released from restrictions.

Permanently restricted amounts are restricted to investments in perpetuity, the income from which is expendable in accordance with the conditions of each specific donation.

ST. MICHAEL'S EPISCOPAL SCHOOL

NOTES TO THE FINANCIAL STATEMENTS (Continued)

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

All contributions are considered available for unrestricted use, unless specifically restricted by the donor or subject to other legal restrictions. The School has only unrestricted net assets and temporarily restricted net assets.

Cash and Cash Equivalents

For purposes of the statement of cash flows, the School considers all highly liquid debt instruments purchased with an original maturity of three months or less to be cash equivalents.

Investments

Investments consist of bonds and mutual funds which are recorded at fair market value. Unrealized gains or losses are recognized accordingly. Management intends to hold these securities to maturity.

Accounts Receivable

Accounts receivable for tuition and fees are carried at estimated net realizable value. Uncollectible tuition and fees are determined utilizing the specific charge-off method.

Building, Property and Equipment

Since its inception, the School has constructed certain buildings on land owned by St. Michael's Episcopal Church ("the Church"). There is no formal lease or charge for use of the land by the School. The School has also purchased equipment and furnishings for these buildings.

The Church and School have an agreement to allocate certain expenses for services rendered for both Church and School facilities. Among these costs are utilities, repairs and maintenance, waste management, custodial services and insurance. Based on an agreed-upon cost allocation structure, the School reimburses the Church on a current basis for these services.

The School's fixed assets consist of classroom buildings, a gym, and the contents thereof, primarily furniture and equipment. One of the buildings, St. Michael's Parish Hall, is jointly shared with the Church. Approximately 70% of the value of the Parish Hall is reflected in the financial statements of the School.

The original cost of the assets acquired prior to July 1, 1990 could not be verified, and to comply with generally accepted accounting principles the School has recorded, effective for the year ended June 30, 1996 amounts for all buildings based upon appraised values used for insurance purposes. Equipment and land improvements acquired since July 1, 1990 are recorded at cost. Any donated equipment capitalized is recorded at fair market value at the date of the receipt.

Accrued Payroll

Accrued payroll represents two months of payroll due the teachers at June 30, 2005 and 2004 relating to their services for the prior academic years. The teachers are paid in twelve equal installments from September through August for the academic year that begins in September and ends in June.

ST. MICHAEL'S EPISCOPAL SCHOOL

NOTES TO THE FINANCIAL STATEMENTS (Continued)

NOTE 2 · SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Deferred Tuition

Deferred tuition results from the School recognizing registration fees and tuition revenue in the period in which the related educational instruction is performed. Accordingly, registration and tuition fees received for the next school term are deferred until the instruction commences.

Contributions

Contributions received are recorded as unrestricted, temporarily restricted, or permanently restricted support, depending on the existence and/or nature of any donor restrictions.

Support that is restricted by the donor is reported as an increase in unrestricted net assets if the restriction expires in the current reporting period. All other donor-restricted support is reported as an increase in temporarily or permanently restricted net assets, depending on the nature of the restriction. When a restriction expires (that is, when a stipulated time restriction ends or purpose restriction is accomplished), temporarily restricted net assets are reclassified to unrestricted net assets and reported in the Statement of Activities as net assets released from restrictions.

Donated Goods and Services

Donated goods and services are reflected as contributions in the accompanying financial statements at their estimated fair values determined at the date of receipt.

Income Taxes

St. Michael's Episcopal School is a qualifying non-profit organization as defined in §501 (c)(3) of the Internal Revenue Code, and therefore is exempt from federal and state income taxes.

Credit Risk

Financial instruments which potentially subject the School to concentration of credit risk, as defined by Statement of Financial Accounting Standards No. 105, consist principally of temporary cash and cash equivalents. The School maintains its temporary cash and cash equivalents in one financial institution. The balances are insured by the FDIC up to \$100,000. At June 30, 2005 and 2004 the School's uninsured cash balances total \$2,136,917 and \$1,421,173 respectively.

Estimates

The preparation of financial statements requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, revenues, and expenses and disclosure of contingent assets and liabilities for the reported periods. Actual results could differ from those estimates and assumptions.

NOTES TO THE FINANCIAL STATEMENTS (Continued)

NOTE 5 - PENSION PLAN

The School maintains a defined contribution, money purchase retirement plan covering all full-time employees and those part-time employees who meet total hours of work requirements on an annual basis. Employer contributions are fixed as a percentage of employee compensation and the contribution percentage varies based on years of employment service. Contributions are made to the Teachers Insurance and Annuity Association - College Retirement Equities Fund for the purchase of retirement annuities for the employees. Total pension expense for the years ended June 30, 2005 and 2004 was \$79,341 and \$73,195 respectively.

NOTE 6 - LONG TERM NOTES

SMSC, Inc. is obligated on a note payable to Mr. Robert C. Cornell, due in monthly installments of \$1,943, at an annual rate of 6 %. The note, secured by a Deed of Trust, has a balance due of \$95,656 on June 30, 2005.

Future scheduled maturities of the debt are as follows:

Years ended June 30:	
2006	\$ 18,018
2007	19,089
2008	20,223
2009	21,426
2010	<u>16,900</u>
	\$ 95,656

NOTE 7 - SUBSEQUENT EVENTS

SMSC, Inc. entered into an agreement with a donor on July 25, 2005 that included a gift of 22 acres of land, valued at approximately \$1,000,000. A 20-year restriction exists that requires the site to be used for the educational purposes of St. Michael's Episcopal School. SMSC, Inc is obligated to purchase two lots, an additional 33 acres, from the donor for \$1,767,000 plus selling and closing costs. The agreement also required a deposit in earnest of \$200,000. The deposit was made on July 25, 2005. SMSC, Inc. is free to resell one or both lots for single residential use. In addition, SMSC, Inc. was given a right of first refusal on the donor's personal residence and 19.5 acres adjacent to the gifted site. On July 6, 2005, the Board of Directors of St. Michael's Episcopal School adopted a resolution that authorizes a contribution of up to \$1,200,000 to SMSC, Inc. The contribution was made for the expense of acquiring another adjacent property, the cost of consummating the gift agreement and transaction, and the initial development cost of the donated land. The school transferred \$200,000 to SMSC, Inc. on July 25, 2005.

St. Michael's Episcopal School Foundation sold its residential rental property on July 29, 2005. The selling price was \$ 168,000. The property was purchased in 2001 for \$145,000.

The Applicant will be responsible for publication of notice of public hearing and will pay the costs of such publication.

The Authority imposes a closing fee payable concurrently with the issuance of its bonds benefiting the applicant. The fee will be calculated by multiplying the outstanding principal amounts of the bonds on the closing date and on each anniversary date of the bonds thereafter by (i) 1/8 of 1% for the first \$20,000,000, (ii) 1/20 of 1% for the next \$30,000,000, and (iii) 1/50 of 1% for the remaining balance, which amounts will then be totaled and such total amounts thereafter will be present valued back to the closing date.

The Applicant hereby agrees to cause the publication of a notice of a public hearing to consider this application. The Applicant agrees to pay all costs relating to publication.

The Applicant further represents that it understands the conditions of this application, that there is no guarantee of approval and that all statements and information furnished with this application or on supporting papers are true and correct to its best knowledge and belief.

**INDUCEMENT RESOLUTION OF THE
ECONOMIC DEVELOPMENT AUTHORITY OF THE COUNTY OF CHESTERFIELD
FOR ST. MICHAEL'S EPISCOPAL SCHOOL**

WHEREAS, the Economic Development Authority of the County of Chesterfield (the "Authority"), has considered the application of St. Michael's Episcopal School or an affiliate of St. Michael's Episcopal School (the "Applicant"), for the issuance of the Authority's revenue bonds (the "Bonds") pursuant to Title 15.2, Chapter 49 of the Code of Virginia of 1950, as amended (the "Act"), in one or more series, in a total amount now estimated not to exceed \$4,750,000, the proceeds of which are to be used, together with other available funds of the Applicant, to finance (a) the construction and equipping of a new middle school building of approximately 22,000 square feet and the infrastructure associated therewith, including stabilization of an existing dam; construction of roads, parking areas and a comfort building; installation of utilities and preparation of a new athletics' field, all located at 10510 Hobby Hill Road in the City of Richmond, Virginia, and (b) capitalized interest and costs of issuance of the Bonds (collectively, the "Project"); and

WHEREAS, the Applicant, in an appearance before the Authority by the Applicant's representatives and in certain information filed with the Authority, has described the benefits of undertaking the Project; and

WHEREAS, a public hearing has been held as required by Section 147(f) of the Code, and Section 15.2-4906 of the Act.

**NOW, THEREFORE, BE IT RESOLVED BY THE ECONOMIC
DEVELOPMENT AUTHORITY OF THE COUNTY OF CHESTERFIELD:**

1. It is hereby found and determined that financing the Project will be in the public interest of Chesterfield County, Virginia (the "County"), and its environs and is consistent with the purposes of the Act, and will protect and promote the health and welfare of the inhabitants of the Commonwealth of Virginia and the County.
2. To induce the Applicant to undertake the Project, the Authority hereby agrees to assist the Applicant in financing the Project by the issuance of its revenue bonds in an amount not to exceed \$4,750,000 upon terms and conditions mutually agreeable to the Authority and the Applicant and subject to the requirements of the Act and the Code.
3. The Bonds may be issued in one or more series at one time or from time to time, upon terms to be mutually agreed upon between the Authority and the Applicant.
4. As required by the Act, the Bonds shall provide that neither the County nor the Authority shall be obligated to pay the Bonds or the interest thereon or other costs incident thereto, and neither the faith and credit nor the taxing power of the Commonwealth of Virginia, the County or the Authority shall be pledged thereto.
5. It having been represented to the Authority that it may be necessary to proceed immediately with the acquisition, construction and equipping of all or part of the Project, the Authority hereby agrees that the Applicant may proceed with its plans, enter into contracts for such acquisition, construction, equipping and development and take such other steps as it may

deem appropriate in connection therewith, provided that nothing herein shall be deemed to authorize the Applicant to obligate the Authority without its consent in each instance to the payment of any moneys or the performance of any acts in connection with the Project. The Authority agrees that the Applicant, to the extent permitted by law, may be reimbursed from the proceeds of the Bonds for all costs so incurred by it.

6. All lawful costs and expenses in connection with the issuance of the Bonds, including the fees and expenses of the Authority and its counsel, shall be paid from the proceeds of the Bonds, to the extent allowed by law, or funds provided by the Applicant. If for any reason the Bonds are not issued or if the proceeds thereof cannot be used to pay all such expenses, it is understood that all such costs and expenses shall be paid by the Applicant and that the Authority shall not have responsibility therefor.

7. At the request of the Applicant, the Authority hereby appoints Hunton & Williams LLP, Richmond, Virginia, as bond counsel to supervise the proceedings and approve the issuance of the Bonds.

8. In adopting this resolution, the Authority intends to declare its "official intent" for the Applicant to reimburse itself for expenditures with respect to the Project from the proceeds of the Bonds within the meaning of regulations issued by the Internal Revenue Service pursuant to Section 103 of the Code.

9. The Authority hereby recommends and requests that the Board of Supervisors of Chesterfield County, Virginia (the "Board") and the City Council of the City of Richmond, Virginia (the "City Council") approve the issuance of the Bonds within sixty days of the date of the adoption of this resolution. The Authority hereby directs the Secretary of the Authority to submit to the Board and the City Council this resolution, the Applicant's Fiscal Impact Statement, and a summary of the public hearing held by the Authority prior to the adoption of this resolution.

10. This resolution shall take effect immediately upon its adoption.

CERTIFICATE

The undersigned Secretary of the Economic Development Authority of the County of Chesterfield (the "Authority"), hereby certifies that the foregoing is a true, correct and complete copy of a resolution adopted by the Directors of the Authority at a meeting duly called and held on April 20, 2006.

Adoption of a Resolution Expanding the Approval of the Richmond Metropolitan Authority ("RMA") as the Entity to Manage the Main Street Station in Richmond

County Administrator's Comments:

County Administrator: _____

[Signature]

Board Action Requested:

Adopt the attached resolution approving the RMA as the entity to manage the Main Street Station in downtown Richmond.

Summary of Information:

In 2003, the Richmond City Council passed a resolution requesting the RMA to undertake the management of the historic Main Street Station in downtown Richmond as part of the City's plan to convert the Station into a full, multi-modal transportation center which will include expanded rail service, bus service, parking, airport shuttle service and taxi service.

Although the City has secured the funding for the operation of the Station and is not seeking any financial contribution from Chesterfield or Henrico, the Code of Virginia requires Chesterfield and Henrico to approve the RMA's management of the Station. At the City's and the RMA's request, the Board approved RMA's management of the Station on April 23, 2003.

In February, 2006, Richmond City Council approved an extension of the management agreement between the City and the RMA for the Main Street Station to include the management by RMA of additional facilities in the vicinity of the Station, which include the Seaboard Building, the train shed, surface parking lots at the station and a portion of the parking deck at 15th and Main Streets. The attached maps show the additional facilities. A copy of the March 22, 2006 letter from James Kennedy of the RMA to the County Administrator is also attached.

Since bond covenants preclude revenue from any bond-funded project from being used to pay the liabilities of any other RMA project, the revenues from one project, such as the toll revenue from the RMA toll road, cannot be used to pay the liabilities generated by the Main Street Station.

The Code of Virginia also requires Chesterfield and Henrico to approve the extension of the management agreement to these additional facilities. Henrico, like Chesterfield, is considering adopting a resolution approving the extension at its May meeting. A copy of a resolution is attached.

Transportation Comment: The RMA manages other regional facilities; this request is consistent with current practices.

RESOLUTION

WHEREAS, the Richmond Metropolitan Authority (“RMA”) currently manages Main Street Station pursuant to the terms of a Management Agreement (the “Management Agreement”) with the City of Richmond, Virginia (the “City”);

WHEREAS, on February 27, 2006, the Council of the City of Richmond, Virginia, approved an extension of the Management Agreement and an expansion of RMA’s management responsibilities thereunder to include the operation and management of additional facilities in the vicinity of Main Street Station, and the City has formally requested that RMA undertake such additional management responsibilities;

WHEREAS, the Board of Supervisors of Chesterfield County (the “County”) desires to continue its assistance to the City in connection with the Main Street Station and its management of additional facilities in the vicinity thereof pursuant to the provisions of Section 33-255.44:13(e) of the Code of Virginia (1950), as amended.

NOW, THEREFORE, BE IT RESOLVED that the Board of Supervisors of the County does hereby authorize and approve RMA’s continued management of Main Street Station and its management of additional facilities in the vicinity thereof, pursuant to the provisions of Section 33-255.44:13(e) of the Code of Virginia (1950), provided that the County shall have no financial responsibility with respect to any such undertaking by RMA.

BE IT FURTHER RESOLVED that the Clerk of the Board is hereby directed to send certified copies of this resolution to the City Manager of the City, the County Administrator of the County of Chesterfield and the General Manager of RMA.

Director of Operations

March 22, 2006

Mr. Lane Ramsey, County Administrator
Chesterfield County
P.O. Box 40
Chesterfield, VA 23832-0040

Dear Mr. ~~Ramsey~~ ^{Lane}:

Three years ago, the City of Richmond requested that RMA manage Main Street Station under the terms of a Management Agreement with the City. In keeping with RMA's legislation, the Boards of Supervisors of Chesterfield and Henrico Counties approved this undertaking by RMA. Since those approvals, the City has obtained additional properties in the Station's vicinity, which it has requested that RMA manage under the terms of the Management Agreement.

In addition, as the initial term of the Management Agreement expires on June 30, 2006, the City has requested its extension.

As required by RMA's enabling legislation, I am requesting formal approval, in the form of a Board Resolution, to increase our responsibilities at Main Street Station and to extend such responsibilities for two additional years. Those broadened responsibilities include the management of the following additional facilities at the Station: the Train Shed, the Seaboard Building, the surface parking lots at the Station, the Plaza across from the Station, and the City controlled portion of the Commonwealth of Virginia Parking Deck at 15th and Main Streets.

I have attached a copy of the official letter of request from the City's Chief Administrative Officer and a copy of the City Ordinance passed on February 27. Also attached for your convenience is a suggested sample resolution, which is similar to the 2003 version that the Board approved. Please advise us of when you might schedule the resolution in order that either Mike Berry or myself might attend and respond to any Supervisors' questions.

Sincerely,

Board Action Requested:

The Board of Supervisors is requested to approve a change order for the Hopkins Road Drainage Project in the amount of \$50,922 and transfer \$31,488.40 from the Miscellaneous Drainage Account.

Executive Summary:

On January 11, 2006 the Board of Supervisors approved a construction contract in the amount of \$172,490 to Early Sunrise Construction Company of Virginia to construct Hopkins Road Drainage Project. During the construction and in preparation for open cutting Hopkins Road, a nine pair Verizon telephone line encased in concrete was found to be located in one of the travel lanes of Hopkins Road. After field meetings with Verizon staff, it was determined that the line would be in the center of the proposed storm sewer. In working through solutions with VDOT and Verizon it was determined that approximately 165 feet of storm sewer had to be relocated and multiple lines of elliptical pipe were needed along with a modified junction box in order to adequately

County Administrator's Comments:

County Administrator: _____

A handwritten signature, likely of the County Administrator, is written over the line.

Board Action Requested: Authorize the County Attorney to proceed with eminent domain for the acquisition of a 30' permanent sewer and water easement across property of the Heirs of Alfred Robinson, James Robinson, Katherine Robinson and Thomas Robinson.

Summary of Information:

The developer of Kalyan Plaza needs to acquire a 30' permanent sewer and water easement across the property of the heirs of Alfred Robinson, James Robinson, Katherine Robinson and Thomas Robinson, PIN 798657926600000, to extend public sewer to its development. The developer and County staff were not able, after diligent effort, to identify and locate the heirs. The developer has executed a contract agreeing to pay all costs and requests the County exercise eminent domain for acquisition of the easement. Staff will continue to attempt to identify and locate the heirs in an effort to acquire the easement. Approval is recommended.

Set Public Hearing to Consider Amendments to Subdivision and Zoning Ordinance Relating to Fees

County Administrator's Comments:

Recommend June 28

County Administrator: _____

JSR

Board Action Requested:

Board of Supervisors set June 28, 2006 for a public hearing to consider amendments to the Code of the County of Chesterfield.

Summary of Information:

The proposed Subdivision and Zoning Ordinance amendment pertains to fees for certain written administrative services such as subdivision interpretations and zoning certificates. A \$75.00 fee is proposed to cover the cost of providing this service. The proposed amendment would also consolidate and simplify existing ordinance sections that apply to subdivision and zoning fees. No other new or amended fee amounts are proposed.

The Planning Commission held a public hearing on the proposed amendment on April 18, 2006. Two citizens spoke during the public hearing, expressing concerns about public notice for the amendment and how the proposed fee would be applied to routine zoning inquiries. The Planning Commission unanimously recommended approval of the ordinance amendments as proposed.

AGENDA**

Page 2 of 2

Staff time costs needed to process these requests last fiscal year averaged approximately \$75.00 per request. Last fiscal year, planning staff processed a total of 134 such requests. This fiscal year, we are on pace to process approximately 168 such requests (a 25% one-year increase). No fee is charged for staff research for routine customer questions about zoning or subdivision matters. However, for at least a decade, the county has charged a fee (most recently a flat fee of \$50.00 per request) to recover actual administrative costs for providing written zoning certification. Although this fee was authorized in each year's budget through authority granted by the County Charter, the fee was suspended earlier this year until it could be implemented in this ordinance.

Summary of proposed ordinance amendments (sections 17-11, 19-25, 19-264, and 19-279). The proposed ordinance amendment has two major components:

1) New Fees:

- Add new \$75.00 fee for written verification of subdivision or written subdivision interpretation to Section 17-11 of the Subdivision Ordinance.
- Add new \$75.00 fee for zoning certificates, written verification of non-conforming use or written zoning interpretation, to Section 19-25 of the Zoning Ordinance.
- Increase existing \$50.00 zoning certificate fee to \$75.00.

2) Ordinance Consolidation and Simplification:

- Consolidate the two separate sections of the Zoning Ordinance that discuss fees (Section 19-279, pertaining to site and schematic plans, and Section 19-25, pertaining to zoning fees), into a reformatted Section 19-25.
- Consolidate six existing separate references to Enterprise Zone fee exemptions into a single reference, in Section 19-25.
- List major fee categories within the Subdivision and Zoning Ordinances in alphabetical order for easier reference.
- Make other miscellaneous, non-substantive text and numbering corrections.

Subject:

Set Public Hearing to Consider Appropriation of Road Cash Proffer Funds for the Design, Right-of-Way Acquisition and Construction of Two Separate Projects: Newby's Bridge Road Realignment and Turn Lane Project at Jacobs Road and McEnnally Road Reconstruction Project

County Administrator's Comments:

Recommend June 28

County Administrator:

ASR

Board Action Requested:

The Board is requested to set June 28, 2006, as the public hearing date to consider the appropriation of \$1,403,724 in cash proffers as follows: \$633,724 in road cash proffers from Traffic Shed 7 for the Newby's Bridge Road Realignment and Turn Lane Project at Jacobs Road and \$770,000 in road cash proffers from Traffic Shed 12 for the McEnnally Road Reconstruction Project. The Board is also being requested to transfer \$121,000 in road cash proffer funds from the Newbys Bridge Road (Walmsley Blvd. to Falling Creek) project and authorize the County Administrator to proceed with the design, right-of-way acquisition, and construction of the projects.

Summary of Information:

Newby's Bridge Road, from Walmsley Boulevard to Hagood Lane, is a narrow road with no shoulders and poor vertical and horizontal alignment. Its reconstruction is included in the Secondary Road Six Year Improvement Plan. However, the reconstruction is not anticipated before 2015. Approximately one thousand feet of Newby's Bridge Road at Jacobs Road can be realigned with turn lanes for approximately \$930,000. Staff can begin the project now with the \$633,724 in road cash proffers currently available in Traffic Shed 7 and transferring \$121,000 in road cash proffers (Traffic Shed 7) currently

allocated to the Newbys Bridge (Walmsley Blvd. to Falling Creek) project. If the actual cost of the realignment is as estimated, the project will have to be delayed, the scope reduced to match available funding, or additional funds will have to be identified.

McEnnally Road, from Spring Run Road to Winterpock Road, is a very narrow road. It is not capable of handling the additional traffic now using the road. The estimated cost to reconstruct McEnnally Road is \$950,000. Staff can begin the project now with the \$770,000 in road cash proffers currently available in Traffic Shed 12. If the actual cost of the reconstruction is as estimated, the project will have to be delayed, the scope reduced to match available funding or additional funds will have to be identified.

Additional right-of-way will have to be acquired to construct the Newby's Bridge Road project. Staff will attempt to negotiate a settlement for the right-of-way. If settlements cannot be reached, staff will request authorization to advertise a public hearing for eminent domain proceedings. Sufficient existing right of way is available to construct the McEnnally Road project.

Recommendation: Staff recommends the Board set June 28, 2006, as the public hearing date to consider the appropriation of \$633,724 in road cash proffers from Traffic Shed 7 for the Newby's Bridge Road Realignment and Turn Lane Project at Jacobs Road and the appropriation of \$770,000 in road cash proffers from Traffic Shed 12 for the McEnnally Road Reconstruction Project.

Budget and Management Comments:

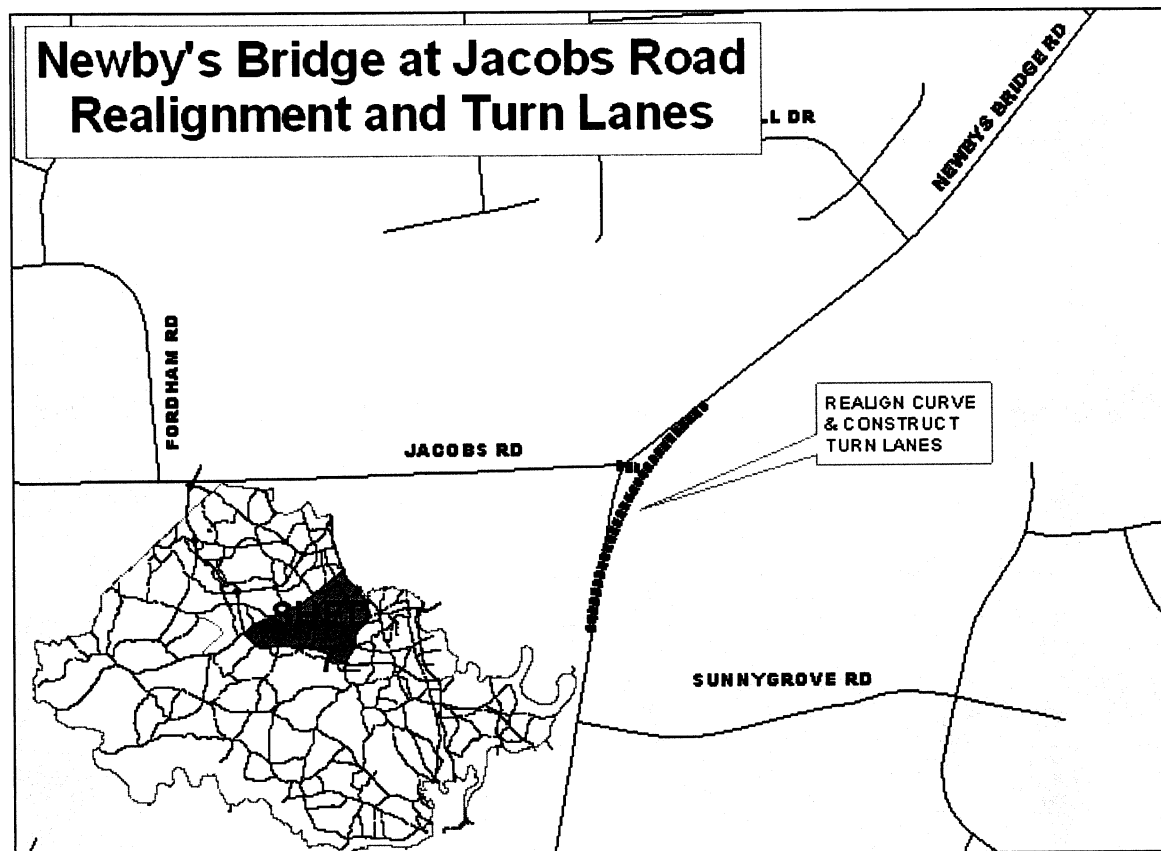

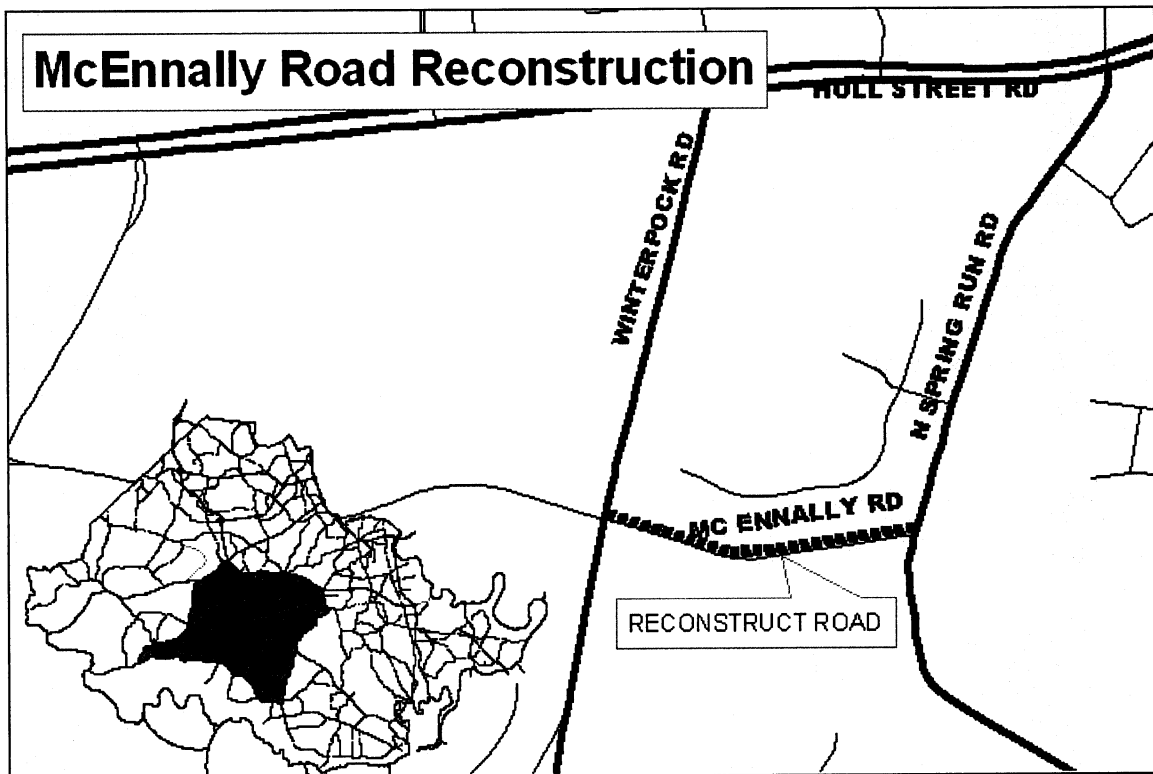

This item requests that the Board set a public hearing date of June 28, 2006 to consider appropriating \$1,403,724 in road cash proffers as follows: \$633,724 from road shed 7 for Newby's Bridge Road Realignment and \$770,000 from shed 12 for the McEnnally Road Reconstruction project. The Board is also being requested to transfer \$121,000 from the Newby's Bridge Road (Walmsley to Falling Creek) Project as this project will not be overseen by the county.

Appropriation of \$633,724 of cash proffers from road shed 7 and \$770,000 from road shed 12 will deplete all available proffers collected in each shed.

Meeting Date: May 24, 2006

Item Number: 8.B.11.c.

Subject:

Set Public Hearing Date to Consider: FY2007 through FY2012 Secondary Road Six Year Improvement Plan; FY2007 Secondary Road Improvement Budget; Project Development Schedule for Chesterfield Road Fund; Designation of FY2007 Chesterfield Road Fund Projects; and Transfer of Funds

County Administrator's Comments:

Recommend June 28

County Administrator: _____

JGR

Board Action Requested: Set June 28, 2006, as the date to hold a public hearing to consider: FY07 through FY12 Secondary Road Six Year Improvement Plan; FY07 Secondary Road Improvement Budget; Project Development Schedule for Chesterfield Road Fund; Designation of FY07 Chesterfield Road Fund Projects; and transfer from the FY07 adopted revenue sharing match account \$96,420 to the Newbys Bridge Road (Walmsley Boulevard to Falling Creek) project and \$903,580 to the Old Bon Air Road (at Groundhog Drive) project.

Summary of Information: State statute requires the Board of Supervisors to update every two years, jointly with the Virginia Department of Transportation (VDOT), a Six Year Plan identifying improvements that are anticipated to be made to the Secondary Road System in the county. The state has not adopted a budget. The FY07-FY12 Plan has been developed based on projected revenues supplied by VDOT in December 2005: an average \$8.8 million per year allocation [\$6.8 million secondary road funds, and \$2.0 million Chesterfield Road Funds (VDOT/county matching program)].

Unless the adopted state budget includes new funds for transportation, it is likely that the revenue forecasts will be reduced, perhaps as much as 40 percent.

**CHESTERFIELD COUNTY
BOARD OF SUPERVISORS
AGENDA**

Page 2 of 4

Summary (Continued):

In previous Plans, Congestion Mitigation Air Quality (CMAQ) and Regional Surface Transportation Program (RSTP) funds have supplemented the secondary allocations. Beginning with FY08, staff has not included these funds in the proposed Plan because the Metropolitan Planning Organizations (MPOs) will now distribute the funds on a competitive basis throughout the region.

The proposed Six Year Plan includes two new federally funded safety projects: a traffic signal on Koger Center Boulevard at Mall Drive, and Cogbill Road bridge deck resurfacing.

Several projects in the previous Plan (FY05 - FY10) were removed from this Plan because of the lack of funding. The projects that were removed are Beach Road (Route 10 to Nash Road), Qualla Road (Beach Road to Spring Run Road), and Otterdale Road (Duval Road to Genito Road). Details of the Six Year Plan are shown on Attachments A through C.

Rural Addition

VDOT's rural addition program allows qualifying non-state standard roads to be upgraded using some secondary road funds so that the roads can be added into the state system for maintenance. VDOT recently changed their interpretation of the rural addition program, and Chesterfield may no longer be eligible for this program.

Staff has recommended that the Board not select a rural addition project and use the secondary road funds for more pressing needs. No rural addition project has been included in the Plan.

Chesterfield Road Fund Projects

The county regularly participates in an annual VDOT matching fund program (Chesterfield Road Fund) wherein the county provides funds in anticipation of an equal match by VDOT. New legislation expands the program from a \$500,000 maximum match to a \$1 million maximum match. The exact amount of funds to be matched by VDOT is determined by VDOT after all statewide requests for matching funds have been received.

The Board has agreed to a rotational distribution of the funds among the magisterial districts. Clover Hill and Midlothian districts are designated to receive funding in FY07. Future projects and anticipated allocations are shown in the Project Development Schedule for the Chesterfield Road Fund (Attachment B).

**CHESTERFIELD COUNTY
BOARD OF SUPERVISORS
AGENDA**

Page 3 of 4

Summary (Continued):

**Congestion Mitigation and Air Quality (CMAQ) and
Regional Surface Transportation Program (RSTP) Funds**

For FY07, Chesterfield will receive \$2.12 million in CMAQ funds and \$1.67 million in RSTP funds. These funds will be allocated to the Courthouse Road at Route 360 Right Turn Lane Project (\$1.98 Million), VSU Sidewalk Project (\$142,000) and Nash Road (Applewhite Lane to Eastfair Drive project (\$1.67 Million).

Beginning in FY08, funding by the Richmond Regional and Tri-Cities MPOs will be allocated to projects through a competitive, ranking process. Future allocations of CMAQ and RSTP are uncertain. Staff will seek additional RSTP funding for the Reams Road (at Rosegill and Wadsworth) Turn Lane Projects along with other projects identified as eligible for these funding sources.

FY07 Secondary Road Improvement Budget

Each year VDOT requests the Board of Supervisors to approve a Secondary Road Improvement Budget. The budget reflects the first year of the Six Year Plan and identifies specific project allocations for the fiscal year.

Once a state budget is adopted, the actual project allocations will need to be adjusted. Last year's budget was adjusted by VDOT without input from the county. Attachment C identifies the projects and allocations for FY07.

VDOT/County Agreements for Project Administration:

In the past, in order to accelerate construction, the county has entered into numerous agreements with VDOT to administer the design, right-of-way acquisition, and construction of projects in the Plan. Staff no longer believes there are any advantages to county participation in VDOT project development because VDOT administrative procedures restrict our ability to construct the projects in an efficient manner.

Recommendation: Staff recommends the Board set June 28, 2006, as the date for a public hearing to consider the FY07 through FY12 Secondary Road Six Year Improvement Plan; and the FY07 Secondary Road Improvement Budget.

Subject: Set a Public Hearing Date of June 28, 2006 to Revise FY2006 School Board Operating Fund Appropriations

County Administrator's Comments: *Recommend June 28*

County Administrator: *[Signature]*

Board Action Requested:

The School Board requests the Board of Supervisors to (1)authorize the County Administrator to reserve and appropriate into FY2007 unspent FY2006 appropriations, contingent upon positive results of operations within individual departments and division wide, as determined by the county's financial audit, as outlined on Attachment A; and (2)advertise and hold a public hearing to increase the appropriations in the School Operating Fund by \$3,459,000 consistent with the resolution adopted by the School Board on April 25, 2006 provided at Attachment B and as outlined on Attachment C.

Summary of Information:

At the end of each fiscal year, the School Board requests revisions among appropriation categories consistent with year-end projections of revenues and expenditures.

Each year at this time the Department of Education provides information related to routine changes in SOQ accounts. The first change is the increase of \$682,100 for an additional 184 students in March 31, ADM. In addition, General Assembly revisions resulted in (1) additional sales tax revenue of \$2,656,200 with a resulting formula decrease in Basic Aid of \$1,641,150; and (2) a decrease in lottery proceeds of \$152,150. The net effect of these changes is an increase in state revenue of \$1,545,000.

Federal funds have increased by \$95,400 due to reimbursements for the JROTC and adult basic education programs. In addition, local revenues have increased \$1,418,600 primarily due to funding received related to the Federal E-Rate program and the gain sharing provision of the county and schools' contract with Anthem Healthkeeper's, Inc. A transfer from the School Capital Improvement Program is required for use in debt service due to higher than anticipated interest earnings from the 2004 VPSA issue.

In the Operations and Maintenance area, the budget requires adjustment due to higher than anticipated costs associated with natural gas, electricity, and gasoline. The Pupil Transportation budget requires adjustment due to the continuing increase in the price of diesel fuel.

In the Administration area, County and School Board staffs are working to implement an employee health center. This center would, over a phase-in period, provide routine employment physicals, required drug testing, workers compensation care, and routine employee health care. Funds received from Anthem identified above will be used for start-up costs associated with this facility.

In the Instruction area, funds received from Johns Hopkins for the Adolescent Literacy Program are restricted for use by this program and remaining revenues over budget are being included in the Instruction fund balance account.

Adjustments are also required for Construction Management charges and debt service associated with the interest earnings from the 2004 VPSA bond sale identified above.

Budget and Management Comments:

The School Board is requesting that the Board of Supervisors:

- a) Set a public hearing for June 28, 2006 to consider approving the reserve of up to **\$9,612,500** for re-appropriation into FY2007 in various accounts; and
- b) Increase revenue and expenditure appropriations in the School Operating Fund by a net of **\$3,459,000** (increasing the Instruction appropriation category by \$794,200, increasing the Administration/Attendance and Health appropriation categories by \$393,300, increasing Operations and Maintenance category by \$1,667,000, the Transportation category by \$204,500, and increasing the debt service category by \$400,000) based on the latest staff projections.

Appropriation of Additional Funds, Authorization to Enter Into an Amended Virginia Department of Transportation/County Project Agreement, and Authorization to Award a Construction Contract for the Halloway Avenue Sidewalk Enhancement Project

County Administrator's Comments: *Recommend Approval*

County Administrator: _____ *LJP*

Board Action Requested: Appropriation of \$488,485 in anticipated VDOT reimbursements for the Halloway Avenue Sidewalk Enhancement Project, authorization to enter into an amended VDOT/County Project agreement, and authorization to award a construction contract for the Halloway Avenue Sidewalk Enhancement Project.

Summary of Information:

In January 2005, the Board authorized staff to award a construction contract, up to \$517,000 to the lowest responsible bidder, for the Halloway Avenue Sidewalk Enhancement project. Bids for the project were received on April 11, 2006. Virginia Concrete was the only bidder with a bid of \$854,224. The bid is approximately 49% higher than our engineer's estimate.

Recent bids for road projects have consistently exceeded engineers' estimates. After discussions with the contractor, staff believes the engineer's estimate understated the cost of much of the work. Staff is of the opinion that re-advertising the project will not result in a lower bid.

Summary of Information: *continued*

Staff recommends the Board award the contract to Virginia Concrete. VDOT will also have to concur with the award.

In April 2006, the Tri-Cities MPO approved an additional \$365,670 in CMAQ funds for the project. The Board should appropriate these funds along with \$122,815 in VDOT Secondary Road Funds previously designated for the project.

The Board should also authorize an amendment to the customary VDOT/County project administration agreement to reflect the new funding.

Recommendation: Staff recommends the Board:

- 1) Appropriate \$488,485 in anticipated VDOT reimbursements (\$365,670 CMAQ, \$122,815 Secondary Road) for the Halloway Sidewalk Enhancement Project;
- 2) Authorize the County Administrator to enter into an amended VDOT/County project administration agreement, acceptable to the County Attorney; and
- 3) Award an \$854,224 construction contract to Virginia Concrete.

Approval of Design; Authorization to Proceed with Right-of-Way Acquisition and Construction; and Authorization to Award a Construction Contract for the Reams Road/Adkins Road Turn Lane Project

County Administrator's Comments: *Recommend Approval*

County Administrator: *JSK*

Board Action Requested: The Board is requested to: 1) approve the design for the Reams Road/Adkins Road Turn Lane Project, 2) authorize staff to proceed with right-of-way acquisition and construction of the project, and 3) award a construction contract, up to \$530,000, to the lowest responsible bidder.

Summary of Information: The County has prepared a design for the construction of a westbound left turn lane on Reams Road at Adkins Road. The project was initiated to address the accidents occurring at the intersection. The project is estimated to cost \$1,000,000 and is being financed with road cash proffers.

At least nine parcels will be directly impacted by the project construction. No families will be relocated. However, there will be significant acquisitions on some of the parcels because the houses are so close to the existing road.

Summary of Information: *(Continued)*

Design alternatives for widening on the north side, on the south side, and on both sides of Reams Road were considered. The south-side widening alternative is believed to be the most economical and has the least overall impact on adjoining properties.

As plans were being developed, staff met with the individual property owners directly impacted by the project and explained the proposed design. A citizen information meeting was held on April 17, 2006. Approximately ten people attended the meeting. Four comment sheets were submitted indicating support for the project. Staff believes at least one owner, who did not attend the meeting, generally supports the project but does not support the proposed design. The comments received at the meeting are available if desired by the Board.

If the Board approves the design, right-of-way acquisition will begin in the fall with construction beginning in Spring 2007.

Staff should also be authorized to advertise and award a construction contract, up to \$530,000, to the lowest responsible bidder.

Recommendation: Staff recommends the Board:

1. Approve the south-side widening design of the Reams Road / Adkins Road Turn Lane Project
2. Authorize staff to acquire right-of-way for the project, including advertising of an eminent domain public hearing if necessary, and
3. Award a construction contract, up to \$530,000, to the lowest responsible bidder.

County Administrator: _____

[Signature]

Board Action Requested:

The Board is request to approve a \$75,000 contract between the County and Innovation Research and Training, Inc. ("IRT") for evaluation and research services related to the Drug Court.

Summary of Information:

In 2005 the County received a grant of approximately \$450,000 from the U.S. Substance Abuse and Mental Health Services Administration ("SAMHSA") for operation of the Adult Drug Court. As a condition of the grant, the County was required to enter into contract with Innovation Research and Training, Inc. ("IRT") to perform evaluation and research services related to the outcomes of Drug Court cases to determine the success of the program. IRT has performed similar services for the County since 2003 relating to the operations of the Adult Drug Court.

Generally, the County is required to competitively bid contracts for services such as IRT's. However, the Code of Virginia permits the County to enter into contracts without undertaking competitive bidding in order to meet requirements of federal grants if the Board makes a public finding that complying with the grant conditions is in the public interest. In order to satisfy this technical requirement of the Code, staff requests that the Board find that acceptance of the grant conditions and entering into the contract with IRT is in the public interest notwithstanding possible conflict with Code of Virginia § 2.2-4303 related to competitive bidding.

WHEREAS, the Boy Scouts of America was incorporated by Mr. William D. Boyce on February 8, 1910, and was chartered by Congress in 1916; and

WHEREAS, the Boy Scouts of America was founded to build character, provide citizenship training and promote physical fitness; and

WHEREAS, after earning at least twenty-one merit badges in a wide variety of skills including leadership, service and outdoor life, serving in a leadership position in a troop, carrying out a service project beneficial to their community, being active in the troop, demonstrating Scout spirit, and living up to the Scout Oath and Law

Mr. David Christopher Bulman and Mr. Matthew Ryan Leahy, Troop 806, sponsored by Woodlake United Methodist Church; Mr. Michael F. Maguire, Mr. Shawn P. Button, Mr. John N. Turner and Mr. Fred O. Angel, all of Troop 860, sponsored by Woodlake United Methodist Church; and Mr. Malachi Andrew Hughes, Troop 826, sponsored by The Church of Jesus Christ of Latter Day Saints, have accomplished those high standards of commitment and have reached the long-sought goal of Eagle Scout which is received by only four percent of those individuals entering the Scouting movement; and

WHEREAS, growing through their experiences in Scouting, learning the lessons of responsible citizenship, and endeavoring to prepare themselves for roles as leaders in society, David, Matthew, Michael, Shawn, John, Fred and Malachi have distinguished themselves as members of a new generation of prepared young citizens of whom we can all be very proud.

NOW, THEREFORE, BE IT RESOLVED that the Chesterfield County Board of Supervisors, this 22nd day of May 2006, hereby extends its congratulations to Mr. David Christopher Bulman, Mr. Matthew Ryan Leahy, Mr. Michael F. Maguire, Mr. Shawn P. Button, Mr. John N. Turner, Mr. Fred O. Angel and Mr. Malachi Andrew Hughes, and acknowledges the good fortune of the county to have such outstanding young men as its citizens.

Subject:

Public Hearing to Consider Amendments to the Zoning Ordinance Relating to Multifamily and Townhouse Uses Permitted in C-3 and C-4 Districts

County Administrator's Comments: *Recommend Approval After public hearing*
Staff recommendation

County Administrator: _____

Board Action Requested:

Board of Supervisors to hold a public hearing to consider amendments to the Code of the County of Chesterfield.

Summary of Information:

The Planning Commission held a public hearing on the proposed zoning ordinance amendments (pertaining to multifamily and townhouse residential uses in the C-3, C-4, and C-5 zoning districts) on January 17 and February 21, 2006. Several citizens spoke during the public hearing, expressing concerns about the effect of the proposed amendment on development rights of properties already zoned C-3, C-4 or C-5. The item was continued to the March 21, 2006 meeting to provide additional time to research this issue. After modifications were made to draft ordinance in order to preserve the development rights of previously zoned properties, the Planning Commission unanimously recommended approval of the ordinance amendments. The Planning Commission recommendation is attached as Exhibit "A." The original staff recommendation is attached as Exhibit "B."

**CHESTERFIELD COUNTY
BOARD OF SUPERVISORS
AGENDA**

Page 2 of 2

Summary of proposed ordinance amendments (sections 19-159, 19-161 and 19-166):

The existing ordinance permits multifamily and townhouse projects in the C-3 district, subject to administrative review and certain restrictions, including project size, construction timing, site area, and development standards.

The proposed amendment would change these land uses from restricted uses (land uses that are permitted by right, subject to certain restrictions) to conditional uses in the C-3 district. Since the C-3 district "pyramids" up to the C-4 and C-5 districts, the proposed amendment would apply to the C-4 and C-5 districts as well.

Proposed Ordinance - Planning Commission Recommendation (Exhibit A):

- Amend Section 19-159(j), to allow multifamily and townhouse units as restricted uses only for property commercially zoned after April 11, 1989 (the date when such uses first appeared in the ordinance).
- Add new Sections 19-161(c) and (d), to add multifamily and townhouse units to the list of C-3 conditional uses.

Proposed Ordinance - Original Staff Recommendation (Exhibit B):

- Amend Section 19-159(j), to remove multifamily and townhouse units from the list of restricted uses.
- Add new Sections 19-161(c) and (d), to add multifamily and townhouse units to the list of C-3 conditional uses.
- Amend existing Section 19-166(a), to remove references to multifamily uses from the list of C-4 restricted uses. *(This change is not included in the Planning Commission recommendation, since some townhouse and multifamily residential uses would remain in the list of restricted uses).*

Effect of Proposed Amendment: There are currently 14 properties that are at least 34 acres in C-3, C-4, or C-5 districts. The current minimum project size for townhouse development in these districts is 34 acres. Six of these properties were commercially zoned after April 11, 1989. The Planning Commission recommendation would preserve townhouse and/or multifamily development rights on these properties. The staff recommendation would require approval of conditional use permits for such development on properties not vested or previously approved through the use permit process.

AN ORDINANCE TO AMEND THE CODE OF THE COUNTY OF CHESTERFIELD, 1997, AS AMENDED, BY AMENDING AND RE-ENACTING SECTIONS 19-159 AND 19-161 OF THE ZONING ORDINANCE RELATING TO MULTIFAMILY AND TOWNHOUSE USES PERMITTED IN C-3 and C-4 DISTRICTS

BE IT ORDAINED by the Board of Supervisors of Chesterfield County:

(1) That Sections 19-159 and 19-161 of the Code of the County of Chesterfield, 1997, as amended, are amended and re-enacted to read as follows:

Sec. 19-159. Uses permitted with certain restrictions.

The following uses shall be permitted in the C-3 District subject to compliance with the following conditions and other applicable standards of this chapter. If the following restrictions cannot be met, these uses may be allowed by conditional use, subject to the provisions of section 19-13:

- (j) Residential multifamily and townhouses, provided that:
 - (1) No more than 30 percent of the gross acreage zoned C-3, C-4 or C-5 of any project may be used for R-MF or R-TH uses; provided further that the acreage to be used for R-MF or R-TH uses was zoned C-3, C-4 or C-5 after April 11, 1989 and prior to [the date of adoption of this ordinance]. Such uses shall be incorporated into an integrated schematic plan.
 - (2) No such residential uses shall be permitted until the following requirements are satisfied:
 - a. Construction has begun on a minimum of 50 percent of the gross site area devoted to nonresidential uses;
 - b. The minimum size for a project incorporating R-TH uses is 34 gross acres zoned C-3, C-4 or C-5, while the minimum size for a project incorporating R-MF uses is 67 gross acres zoned C-3, C-4 or C-5; and
 - c. Such uses comply with the requirements of the R-TH District or the R-MF Zoning District, except that densities for multifamily uses may be increased to 14 units per acre.
- (k) Prepared food and fruit and vegetable vendors, provided that:
 - (1) Only prepared food fruits and vegetables shall be sold;

Sec. 19-161. Conditional uses.

The following uses may be allowed by conditional use in the C-3 District, subject to the provisions of section 19-13:

- (a) Any conditional use allowed in the C-2 District, unless previously permitted in this district.
- ~~(e)~~ (b) Computer controlled variable message electronic signs.
- (c) Multiple-family dwellings.
- (d) Townhouses.
- ~~(b)~~ (e) Subject to the following requirements, other uses which are not specifically enumerated in this chapter and which are of the same general character as the specifically enumerated uses allowed in this district. Before the planning commission and board of supervisors hear an application pursuant to this subsection, the director of planning shall consider, among other things, the following: the size and proposed configuration of the site; the size, height and exterior architectural appearance of any proposed structure or structures; noise; light; glare; odors; dust; outdoor activities; traffic; parking; signage; and hours of operation. Based on these considerations, he shall determine that the proposed use's operating characteristics are substantially similar to, and its impact on neighboring properties no greater than, the operating characteristics and impacts of the specifically enumerated uses allowed in this district.

Public Hearing to Consider the Appropriation of Additional Funds for the Route 360 (Swift Creek to Winterpock Road) Combined Widening Project

County Administrator's Comments:

Recommend Approval of deferral

County Administrator:

[Signature]

Board Action Requested: Defer the public hearing for consideration of appropriation of an additional \$2 million in anticipated VDOT reimbursements for the Route 360 (Swift Creek to Winterpock Road) Combined Widening Project.

Summary of Information: This date and time had been advertised to hold a public hearing on the appropriation of additional funds for the Route 360 (Swift Creek to Winterpock Road) Combined Widening Project; however, staff is requesting to defer this public hearing until June 28, 2006, in order to allow time to give further consideration to the Route 360 bids and possible funding alternatives. In 1999, the county began managing the design, right-of-way acquisition, and construction of the Route 360 (Swift Creek to Winterpock Road) Widening project under the customary VDOT/county agreement. Because of budget constraints, the project was split into phases: a bridge phase (completed), a westbound lane phase (bids were rejected twice in 2005 because they exceeded estimates), and an eastbound lane phase (right-of-way being acquired and utilities being relocated). The eastbound and westbound lane phases of the project have now been advertised as a combined project.

Summary of Information: *(continued)*

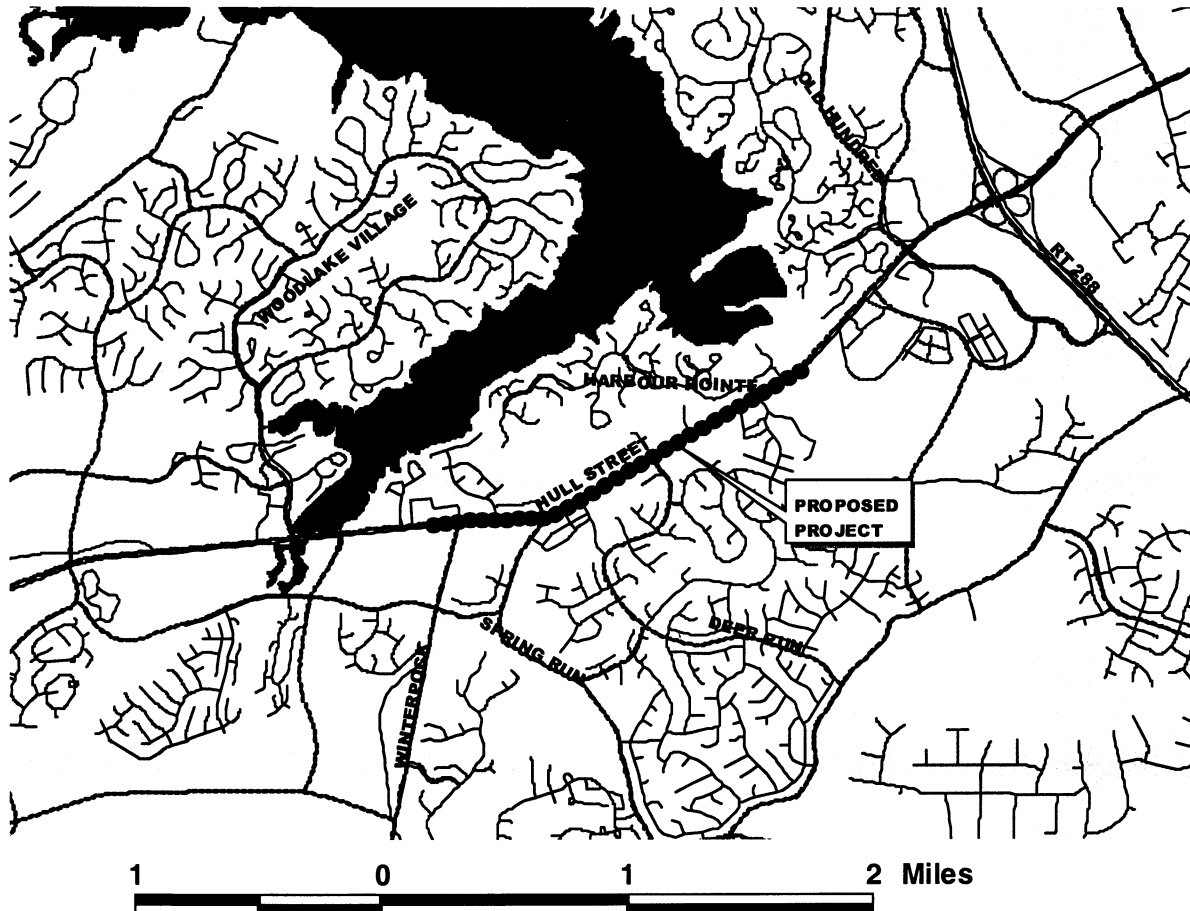

The Board previously appropriated \$16.5 million in anticipated VDOT reimbursements for the project. Bids were received on May 12, 2006, and are being analyzed. Additional funding will be required in order to proceed with the project. Although VDOT has not agreed at this point to provide any additional funding for the project, an additional \$2 million in anticipated VDOT reimbursements should be appropriated so that the project schedule will not be delayed if VDOT and the county reach agreement on additional funding. The county road bond referendum included \$10 million for Route 360 improvements. A public hearing is required for appropriations of \$500,000 or greater.

Recommendation: Staff recommends the public hearing be deferred until June 28, 2006.
